## Consumer's Original Complaint :

The problem is the owner of the the ISP Geoff Brozny who has setup hate sites against me. The individual has been contacted and asked to remove these sites and continues to keep these sites up. The individual has also spammed several of my mailboxes and has continually harassed and threatened me via the usenet newsgroups. The individual has setup hate sites against me and openly admits on the usenet newsgroups that he is responsible for running these sites.

Gorb Internet Services has already been contacted about this and they refuse to remove these hate sites.

He has two such sites running against me with defamatory information on the websites.

Both of these websites are being run at the  
IP address of 64.192.187.20

I feel that this ISP has no morals what so ever and is abusive in nature. He violates the law on a regular basis violating copyright laws and stalks individuals. The individual has posted my private information on his websites including a picture of me, name, address. phone numbers including a cell phone number which is a private number and is not to be listed anywhere.

The owner of Glorb Internet Services is a stalker and harasses and threatens others. The owner of Glorb Internet services is on the border line of stalking and the police have already been contacted about this sick individual.

I feel that it is important to let everyone know about this ISP before they do business with them and exactly what kind of provider this really is. He is a fraud and posts false information about people and is extremely abusive and will curse and swear at you when you ask that the information be removed.

I find that these kind of actions are unacceptable for any business and feel that the people should be aware of this before making the decision to use any service from Glorb Internet Services.

**Consumer's Desired Resolution:**

That the websites be immediately removed from thier network and that all abuse by the owner of Glorb Internet Services immediately cease and decidst.
